Hours Worked by Self-
Identified Indigenous
Employees and
Contractors

751

Hours worked by
Female Employees and
Contractors

Keeping Safety Top of Mind

July 31 marks 110 days with ZERO Injuries

The end of July marks over 3 months of successful construction activity without a single recordable incident or lost time injury. This is only possible with the dedication to safety from the site contractors at One0Five Construction, alongside the Bioenergy Centre Safety Manager, Gwen Smith. Maintaining these safety standards will allow the project to stay on track and allow all employees and contractors to return home safely after each shift.

07-06-2020 – Forms on Turbine Foundation Stripped

07-16-2020 – Waste Removal During Site Groundworks

Lots of digging happened in July! While there was not a whole lot of structural building happening throughout July, the construction site remained busy with contractors from Mistik Management and FDB Gravel who assisted with environmental remediation work. Aside from that, July 13 marked the completion of the Thermal Oil Plant Foundation.

Stakeholder Spotlight

Tina Rasmussen
Project Coordinator – Contract Management
First Nations Power Authority

Tina is from the Community of Green Lake. She spent many years as their Chief Administrative Officer, she has developed expertise in municipal operations, taxation, bylaws and operated as the community's Economic Development Officer. Tina is a proud member of the Flying Dust First Nation. In addition to years of valuable work experience, she holds an Advanced Arts degree and is certified as an Economic Development Officer in Saskatchewan.

FUN FACT: Tina's daughter is a Provincial Wrestling Gold Medalist

Brandon Hansen
Project Coordinator – Finance & Admin
First Nations Power Authority

Brandon joins the Bioenergy Team in Meadow Lake just weeks after completing his Bachelor of Commerce Degree from the University of Saskatchewan. Originally from the Meadow Lake area (Dorintosh), he is also a band member of the Waterhen Lake First Nation. His passion for numbers and Excel Spreadsheets are a great asset to the project. Throughout his Undergraduate Degree, he gained valuable work experience at the Saskatchewan Indian Gaming Authority Central Office in Saskatoon and Suncor Energy in Calgary.

FUN FACT: Brandon's favourite Canadian city is Montreal, Quebec

"you can, you should, and if you're brave enough to start, you will."
